The Luxury of Time

ELEMENTS

GOLD

New Collection

Elements Gold encourages you to embrace the biggest luxury of all, time.

Inspired by the connection between old and new; the luxury of time collection explores how eternal femininity weaves through generations in the form of beloved jewellery heirlooms.

The collection is centred on memories cast in gold that last the passage of time. We focus on classic pieces with a modern sensibility that pin point a period in time, or a cherished moment; but can be worn and treasured eternally.

The luxury of time collection is destined to be passed down for generations, made up of considered jewels with a conscious mind-set. Elements Gold emanates quality over quantity, arousing a more sustainable lifestyle to ensure future generations can enjoy their moment in time too.
